

## **trouble shoot**

### **Are you using an AOL Browser?**

You'll need to disable the graphics compression within your browser. Follow these steps to turn image compression off:

1. On the AOL toolbar, click the Settings icon
2. Click the Internet (Web) Options link
3. On the TopSpeed tab, under Web Graphics Compression, click Never compress graphics
4. Click the Save button

You can also use another browser, such as Firefox or Internet Explorer (non-AOL version).

### **Are you using Firefox or Internet Explorer?**

Make sure your running the most recent version of Flash. To download the most up to date version of Flash for free, please [click here](#)

If all else fails and you can't see any pictures buy a sixpack of coors light and email me JC [jmcarney1@comcast.net](mailto:jmcarney1@comcast.net) and I will come fix it.
